PROFILE

A self-starter and quick learner. Versatile skill set with experience in customer service, sales, and written and oral communication. Recognized skills in mentoring, mediating between employees, and in leading team projects. In my free time I like to skate with my rollerblades or take a hike in the mountains. My passion for music spontaneously evolved into a career as a DJ, playing music from local bars to international festivals. Along the way i had a privilege to meet beautiful people from all around the world and share unforgettable moments and life experiences.
