

PROFESSIONAL EXPERIENCE

Working in Alite International, DoxOut July 2014 - Present

Testing

I'm working as a tester on projects with responsibilities and activities:

- Analyzing the requirements and clarified them with the business
- Creating test strategy
- Preparation of test cases, test scenarios and test data
- Execution of prepared test cases, Smoke and Regression testing
- Defect reporting and management. Documenting defects using tracking system Jira
- Writing/Executing test scripts for API requests in the Postman Collection, SOAPUI
- DB checks, log files checks
- Mobile, Web, API testing
- Conducted calculations based on provided input
- Using Protractor, Cucumber, Botium for basic automation testing
- Coordination of test activities in the UAT phase
- Communication with developers, management, clients

Client: Liverpool - England

Period: August 2019 - January 2020

Liverpool Football Club is a professional football club in Liverpool, England.

Support was given for mobile applications, database and SolarWinds - Jira integration.

Client: Equias - England

Period: February 2019 - August 2020

Equias provides innovative, cost-effective solutions and products for the energy-trading community. Also developing advanced solutions for the automation of energy-trading processes, based on open market standards.

I tested the lift & shift and rebranding phase. Developers used Liferay CMS, the components were tested also. And I was validating content and design afterwards.

Client: Swiss Re, IptiQ - England

Period: October 2018 - February 2019

Project was EVA2 - the second version of Enhanced Virtual Assistant ChatBot for Swiss Re Life Capital. The main idea was to attain optimization i.e. economy of scale when developing/introducing ChatBot to all Swiss Re entities and their distribution partners.

I was testing ChatBot using Botium (Botium is a suite of open source software components that support chatbot makers in training and quality assurance) and automation with Cucumber.

Client: Swiss Re - Switzerland

Period: August 2016 - October 2018

I tested an online customer portal for buying insurance policies, based on cloud and microservice infrastructure. Web application testing performed by checking the application from both end-user

perspective and checking internal communication between components (checks in log files, DB checks, checks with SoapUI and Postman).

Client: IMP PixFood - Sweden

Period: July 2014 - December 2015

Pixfood is an application that will give the user an idea what to cook and eat with the ingredients he has at the hand in the moment. The application is developed both on native iOS and Android platforms.

Worked in DataConnection, January 2016 - August 2016

Developer

I was developing a VBA application for Table books and online questionnaires.

Worked in Netcetera - Skopje

Developer

Period: July 2009 - December 2014

Clients: manor.ch, pfister.ch, kistler.ch, pkz.ch, ESA, other projects - Switzerland

Working on projects requiring HTML CSS jQuery

Period: November 2008 - July 2009

Client: avaloq.com - Switzerland

Development and maintenance of the application

CMS Magnolia, JSP, HTML, CSS (css translation in tableless design)

Period: March 2006 - November 2008

Client: Jazoon (www.jazoom.com) - Switzerland

Development and maintenance of the application

CMS Magnolia, JSP, XHTML, CSS, Java

Attended Jazoon'07 conference as technical support in 2007

Period: 2006 - 2009

Clients: netcetera (www.nca.ch), www.billag.ch, www.voegele.ch - Switzerland

Development, change requests and maintenance of the application

CMS Magnolia, JSP

Period: October 2002 - 2007

Client: ESA - European Space Agency (eopi.esa.int) - Switzerland

Development and maintenance of the application

Java

Period: 2003 - 2006

Clients: Dodis (www.dodis.ch), Eveni (www.eveni.ch), Swissca - User Admin Tool,

FIFO - Finance Forum, ID - Telekurs Display-Tool for Financial Information - Switzerland

Development and maintenance of the application

Tcl, Java, HTML

Worked in ITS Telecommunication Systems - Skopje

Developer

Period: July 2000 - July 2002

- Integration of the Talkgem VoIP client with the MS Exchange – CDO for Talkgem 2.0 project: a TDM and TDM less phone for Slovenian Market
- Designing HTML-based On-Line Help System, GUI adaptations – Visual Basic
- Developing test application in Java, HTML – web portal

Worked in Payment Operation Service of Macedonia – Skopje

Developer, help-desk support, trainer

Period: November 1998 - July 2000

- Working with C++ and Rational Rose on Register of Immovable
- Working in Help-desk, testing, educating and training of end-users on Register of Pledges
- Creating various reports using MS Access and Visual Basic

COMPUTER SKILLS

Programming: SQL, HTML5, CSS3, jQuery, Protractor, Cucumber, Tcl, Java, JSP (in CMS Magnolia), C/C++, V.Basic

Tools: Postman, SoapUI, JMeter, Botium

Applications: Atlassian Jira, Bugzilla, Atlassian Confluence, SharePoint, TestRail, TestingBot, Microsoft Office

PROFESSIONAL TRAINING

CS50's Introduction to Computer Science (2020)

Description: A broad and robust understanding of computer science and programming. How to think algorithmically and solve programming problems efficiently. Concepts like abstraction, algorithms, data structures, encapsulation, resource management, security, software engineering, and web development. Familiarity in a number of languages, including C, Python, SQL, and JavaScript plus CSS and HTML.

Online Course: Microsoft Virtual Academy (2013)

Developing in HTML5 with Javascript and CSS3

Description: An introduction to HTML5, CSS3, and JavaScript, how to use HTML5, CSS3, and JavaScript to build responsive and scalable Web applications that can dynamically detect and adapt to different form factors and device capabilities.

Courses organized by the Payment Operation Service of Macedonia in 2000

- Programming in Java
- Programming in Visual C++
- Programming in Visual Basic
- System Analysis and Design based on Rational Rose method and tool
- Administration and implementation of DB with SQL Server 7.0
- Introduction to Data Modeling and SQL
- Installing, configuring and administering Windows NT 4.0 Server and Workstation

EDUCATION

BS	Cyril and Methodius Bachelor of Science in Computer Science	1998
-----------	--	------

LANGUAGES

Macedonian: Native Language

English: Advanced Listener, Advanced Speaker, Advanced Reading and Writing

German: Intermediate Listener, Novice Speaker, Intermediate Reading and Writing

Slovenian: Intermediate Listener, Novice Speaker, Intermediate Reading and Writing

INTERESTS

- I contributed basic CSS support for <http://ajdemakedonija.mk/>

This is the action for clearing waste locations: by mapping and cleaning up the waste littering our countryside, as well as for raising awareness for proper waste management. This is part of the civil society movement <http://www.letsdoitworld.org/>.

- Co Owner at <http://dobrazemja.org/> First organic food cooperative in Macedonia
- Tai-chi, Yin Yoga Instructor
- Sports: Ski-Instructor
