

# BORCHE GEORGIEVSKI

BORN APRIL 16, 1985, in BITOLA

## ABOUT ME

I consider myself an active person who wants change. After graduating from high school as a horticultural technician, I entered the private sector of a completely different field, and gained a lot of experience in ice production, sale, and delivery. Today, I am ready for a new challenge in the IT field. My interest in this field comes from my long-lasting desire and enthusiasm to create items that look beautiful and function well. I am ready to work on any project with the same commitment and integrity as if it was my own
