Dear,

I am contacting you referring to the opportunity you offer for employment and development of quality staff. I appreciate that you as a Company strive to attract, and invest in the development of quality staff. I am convinced that with my education and work experience I will contribute to the overall success of the Company. It will be a great pleasure for me to be part of a team like yours. I believe that I can offer several unique qualifications, which make me an ideal candidate for a job in your Company, and that I have the skills and abilities to handle the assigned tasks that I would receive if I were part of your team.

- 4 years of experience as a manager of an English language center allowed me to face a huge workload and direct contact with clients.
- Excellent IT skills allows me to use databases and new technologies through which the business will target existing market segments and effectively attract new markets.

I hope to be called for an interview and given a chance to discuss about my application. If you have any questions about my application, please contact me by phone or email.

Thank you for your time,
Best Regards,
Goran Arsoski
