## SUMMARY

---

A dedicated final-year student with a profound desire for leveraging technology to create valuable applications, experienced in Agile methodologies. A collaborative team player with a passion for continuous learning, adaptable to change, and committed to delivering high-quality solutions. Possesses effective communication and problem-solving skills, with a solid technical foundation and an understanding of organizational dynamics.

## EXPERIENCE

---

### MCA

Software Developer Intern | December, 2022 - March, 2023

- Collaborated within a team following Agile methodology to refactor and develop a project.
- Developed front-end features with Angular and .NET back-end functionalities.
- Utilized Entity Framework and LINQ for efficient MSSQL database interactions.
- Implemented the CQRS design principle for optimized data processing.
- Created API endpoints, queries, and commands for database operations.
- Ensured code quality by writing unit tests for the commands.
- Collaborated on feature implementation, contributing to project success.
- Managed version control and project workflows with Azure DevOps.

## PROJECTS

---

### Sudoku Game

 [Link to GitHub Repository: github.com/DamjanBosk/Sudoku](https://github.com/DamjanBosk/Sudoku)

- Developed a Sudoku game using C#, with various difficulty levels and game modes.
- Included a [video](#) demonstration in the GitHub repository's README to showcase the project's functionality and features.

### Supplement Shop | Web store for weightlifting gear and supplements

 [Link to GitHub Repository: github.com/DamjanBosk/supplement\\_shop](https://github.com/DamjanBosk/supplement_shop)

- Collaborated on a team project, focusing on the backend.
- Designed RESTful APIs using the MVC pattern, enabling CRUD operations and data persistence.
- Implemented authentication and authorization with Spring Security.
- Technologies used: HTML & CSS, Angular, Java Spring Boot, PostgreSQL.

## EDUCATION

---

### Faculty of Computer Science and Engineering

Ss. Cyril and Methodius University – Skopje

Study program: Application of IT (Примена на информациски технологии)

## TECHNICAL SKILLS

---

- |                         |                                  |
|-------------------------|----------------------------------|
| • C# .NET               | • Databases                      |
| • Entity Framework Core | • OOP                            |
| • Angular               | • Data Structures and Algorithms |
