Profile

I am a front-end developer with expertise in JavaScript, React, and Next.js. I have a passion for creating engaging and user-friendly web applications. With a strong problem-solving mindset, I enjoy turning design concepts into functional, responsive websites. I thrive in collaborative environments, bringing ideas to life and ensuring exceptional user experiences.

Education

Front end Developer09/2022 – 09/2023

Brainster Academy, Skopje

I successfully completed the Front-end Academy at Brainster, equipping myself with a comprehensive skill set. My knowledge spans HTML5, CSS3, Bootstrap, Git, JavaScript, React, and Next.js. With a keen eye for detail and a dedication to clean and efficient code, I am proficient in crafting visually appealing and highly functional web experiences. My ability to collaborate effectively and my enthusiasm for staying updated with industry trends make me a valuable addition to any front-end development team. I am excited to continue my journey in web development, continually enhancing user experiences and bringing creative ideas to life.
