

DIME VAKANSKI

Wordpress Developer,
Open Source Enthusiast,
Instructor

I am a Wordpress / Web Developer with more than 10 years of experience coding for the Web. I have deep knowledge of PHP, MySQL, Web Services, Bootstrap, HTML5, CSS3, JQuery, Vue.js, JavaScript, XML/RSS technologies and Open Source CMS's Wordpress and Drupal. I am also proficient in Marketing Operations as support to marketing teams to achieve the desired goals. Helping them Analyze and report data across multiple channels to monitor marketing site growth and Automate Marketing to Businesses. Creating landing pages, micro-sites, and Main-taining, optimizing all web assets to ensure compelling user experience. I have a deep understanding of Wordpress CMS with 7+ years experience developing themes, plugins and custom Wordpress programming & solid understanding of cross-browser compatibility issues, W3C compatibility and SEO optimization techniques.
