I am an experienced videographer/photographer and have worked on variety of projects using different programs for video and photo editing. I am creative, adaptable, open minded with ability to learn fast and improve personal as well as team performance. I am professional, easy going and hard working. Throughout my career, I have been eager to challenge myself to continuously improve and upgrade my skills and knowledge.

## Experience

### **2013 – present: Freelance Videographer / Photographer / Video editor/ Photo editor**

I have been working as a photographer since 2013 and started as a video camera operator and video editor in 2016. Since then, I have acquired a wide range of experience in handling different shooting and editing requirements. I possess great active reflective communications skills. I am able to patiently listen to my clients' requirements and wishes to deliver work that meets their expectations with satisfaction. I have worked on a number of functions like christenings and marriage registrations, birthday parties and engagement parties as a photographer and videographer, photo and video editor.

### **March 2020 – present: working as a Photo and Video editor at Fiverr**

Experience in working as a freelance video and photo editor at Fiverr. I have completed a few freelance photo and video editing projects for clients from Australia, US and Canada.
