## PERSONAL DETAILS

Date of birth: 14/07/2000

Nationality: Macedonian

## SKILLS

Problem-solving

Communicative

Adaptability

## LANGUAGES

Macedonian

English

## HOBBIES

- Hiking Gym Football Handball

I'm an accomplished full-stack developer with a strong proficiency in Laravel and Vue.js, boasting 3 years of extensive Vue.js experience and approximately 1.5 years of Laravel expertise. Currently, I'm on the brink of releasing a cutting-edge React Native and Laravel application, showcasing my versatility across different tech stacks. My knowledge extends beyond the basics; I possess a deep understanding of Redux, Vuex, Pinia, and various UI libraries such as Material UI, Vuetify, and React Native Paper. Previously, I spearheaded frontend development endeavors in Vue.js at my former company, demonstrating my ability to lead and deliver top-notch solutions.

## WORK EXPERIENCE

## Bridge Technology

Apr 2021 - May 2023  
Tetovo

## FULL-STACK DEVELOPER

## SAFE BANKER (3SI)

The 3SI Safe Banker system includes various security components, such as intelligent cash protection devices, GPS tracking, and real-time monitoring. These components work together to safeguard cash assets, deter robberies, and aid in the recovery of stolen funds.

## My project

May 2022 - Present  
Tetovo

## MOBILE DEVELOPER(FRAMEWOKR 7)

Tortuga Stock is an application designed to streamline the management of storage and staff in various hospitality establishments, including restaurants, cafes, bars, and nightclubs.

## AaronsDepartment

Jun 2023 - Present  
Skopje

## FULL-STACK DEVELOPER

Medelinkg Nursing is an application designed for the management of software utilized by call centers. Our primary function is to facilitate the creation of client and company profiles. Our clients primarily consist of nurses and caregivers located in Brittany. We play a pivotal role in connecting these healthcare professionals with hospitals in need of their services. In instances where hospitals require nursing or caregiving assistance, they submit requests through our platform. We then efficiently connect these healthcare institutions with qualified nurses and caregivers, thereby ensuring seamless and timely service delivery.

## My project

May 2023 - Present  
Tetovo

## MOBILE DEVELOPER(REACT NATIVE)

Contributing significantly to the ongoing development of a sophisticated mobile application. Utilizing robust technologies such as React, Redux, React Native for the frontend, and integrating with Laravel for a reliable backend infrastructure. Also leveraging the Vue.js ecosystem including Nuxt.js, Vuex, and Pinia for seamless functionality. Committed to maintaining strict confidentiality around project details.

## INTERNSHIP

## Inspire 11

May 2022 - Jul 2022  
Tetovo

## DATA ENGEENER

I have also delved into the realm of data engineering during my tenure at Inspire 11, where I honed my skills with Power BI and Jupiter. While my experience in this domain may be relatively modest, I've gained valuable insights into data processing and visualization, further enriching my technical repertoire.

## EDUCATION
