profile

I'm Filip, a 29 years old designer from Macedonia, Kumanovo with vast experience in brand identity design and strategy, UI/UX design and marketing strategy. You have a problem? Bring it up, let's work our way to the solution. You can't pin-point the problem? I'll do my very best and try to solve it.

I'm a natural problem solver, an objective and logical thinker and very much detail oriented. In my 9 years of experience in the design industry, I've worked with Red Bull on their marketing, 420 Hemp Fest on their re-brand and marketing strategy, AutoScout24 on their digital marketing, to name a few. Avid fan of nature, photography and I love my dog til death do us apart.
