EDUCATION

Brainster

Full Stack Web Development Academy
Oct 2019 - Oct 2020

- One year of intensive coding and learning PHP, Laravel, MySQL, HTML, CSS, Bootstrap, JavaScript, jQuery, Git etc. with greater accent on PHP and Laravel;
- Worked on real projects during the academy by implementing all the languages and frameworks learned, by following strict instructions and constantly meeting given deadlines;
- Done practical work on weekly challenges by implementing newly learned skills, regularly reviewed by the mentors;
- GitLab: gitlab.com/SashoV/brainsterprojects
