Subject: Letter of recommendation

To: Whom it may concern,

I am writing to recommend Ivana Pekevskaa, who worked with us on the project as a graphics designer, responsible for implementing the EU visibility guidelines.

As a graphics designer she was always managing to achieve pleasing and creative designs while following the strict visibility guidelines. During her engagement she delivered more than 20 preparations for printing of promotional material such as flyers, booklets, notebooks, folders, pens as well as supporting the UX design of the software application development.

I always put a premium on personal qualities, such as team work and collaboration while delivering high quality outputs. Ivana outperformed in any field.

Should you have any further questions, do not hesitate to contact me.

LETTER OF RECOMMENDATION

To Whom It May Concern:

It is my great pleasure to write a recommendation in support of Ms. Ivana Pekevskа who was one of the architects in our team from 01.07.2018 to 31.08.2019. Working under my supervision at the Civil Engineering Institute Macedonia, I was honored to see her creative work unfold on several projects in the fields of architecture, design and 3D visualization.

Ms. Pekevskа is a passionate worker who has worked with full professionalism in housing, interior design, health and administrative projects. She has high technical skills in drawing 2D projects and particularly strong technical skills in the field of design and 3D visualization. Ms. Ivana Pekevskа is able to work effectively while handling simultaneous deadlines and has a consistently high standard of work under pressure.

She is always interested, focused, motivated and available to present her ideas by producing different solutions. She has a particular interest in design in any context and successfully helps the team effectively solve a number of design issues in our projects. As a person is characterized by calmness and positivity that give an extra impetus to working with her.

I strongly recommend Ms. Ivana Pekevskа, as she has a high level of professionalism and is fully qualified to work as an architect.

Aleksandra Trajkovska BSc. in Arch. Eng.

Skopje, March, 2016

LETTER OF RECOMMENDATION

for Ivana Pekevskа

To Whom It May Concern,

Our professional experience with Ivana was during her three months internship in our studio.

During her internship, she took part in the work on different types of projects including preparation of technical documentation for a house extension, 3D modelling for interior projects, as well as doing graphic design for promotional materials. The work on these projects, apart from the office work, also included analysis and taking measures on site, meetings and conversations with clients, in which she also took part and always acted professionally and up to the task.

As seen through out her internship, we can confirm without doubt her excellent skills in Autocad, 3DS Max, Sketchup, Illustrator, Photoshop and other computer programs that we use in our studio.

Regarding her personality, Ivana is a positive, energetic and enthusiastic person, which makes collaborating with her very pleasant and easy. She is curious to learn new things and her lack of experience in some areas doesn't discourage her. On the contrary, she strives to learn quickly the required skill in order to effectively accomplish any task and she is flexible to adapt to different professional situations.

With all of the above said, we would gladly recommend Ivana and think that she is an excellent candidate to work in an architectural studio, as well as any company in the field of architecture, design and 3D modelling.

Best regards,

Nevenka Mancheva, architect, co-owner
Marija Antik Nikolova, architect, co-owner

LETTER OF RECOMMENDATION

To whom it may concern:

I gladly write this letter of recommendation for Pekevaska Ivana as an Architecture Intern for Smart Living from 11th of November, till 30th of April. As an owner of Smart Living, I had the distinct pleasure of working with and overseeing Pekevaska Ivana on a variety of architectural tasks for six months she interned at our firm.

Pekevaska Ivana did an excellent job in this position. She is a quick learner, an energetic and hardworking person, always eager to explore the matter further more. Pekevaska Ivana is always dedicated, passionate, a real pleasure to work with, enthusiastic and well-mannered.

During her internship at our firm, she proved herself more than capable, not only with day-to-day tasks she was given, which included of 2D design, but also proved herself as especially good with 3D visualization and also very capable in communicating and presenting.

Additionally, Pekevaska demonstrated professionalism and respect by timely submitting her projects and communicating clearly in staff meetings.

I therefore strongly recommend Pekevaska Ivana for architectural position in an architectural office. This will help her to further develop her great professional potential and increase her knowledge.

I am confident she will outdo the office expectations.

Bojana Mirkovska,
Architect,
Smart Living
