WORK EXPERIENCE

Web Developer - Cosmic Development

2016-Present

At Cosmic Development my responsibilities are building and developing various kinds of websites and systems using WordPress CMS, Codeigniter and using the latest technologies with PHP, JavaScript, jQuery, HTML5 & CSS3. Also maintaining high traffic websites and developing new features.

Web Developer - Freelance

2016-Present

I use my coding skills to build various types of web projects, that include both front and back – end development. I am comfortable using different frameworks to build the projects on like WordPress, OpenCart, various JavaScript and jQuery scripts. The common project types that I work on are building websites for online businesses, e-commerce, custom feature coding, front end templates etc.
