● ABOUT ME

As a frontend developer, I am highly skilled in designing and building user-friendly websites and web applications. I have a strong understanding of frontend technologies such as HTML, CSS, JavaScript, and React, and I am well-versed in responsive design techniques to ensure that my projects are mobile-friendly. I am also highly collaborative and enjoy working with cross-functional teams to bring ideas to life. In my previous roles, I have successfully delivered numerous web projects from conception to deployment, and I am constantly seeking to improve my skills and stay up-to-date with the latest industry trends.
