I am willing and eager to learn new things and skills, and always trying to enhance myself professionally.

Work experience

web developer

Cosmic Development, Skopje Since March 2016

At Cosmic Development my responsibilities are building and developing various kinds of websites and systems using WordPress CMS, Codeigniter, Laravel and using the latest technologies with PHP, JavaScript, jQuery, HTML5 & CSS3. Also maintaining high-traffic websites and developing new features.

Freelancer

/, / Since March 2020

I use my coding skills to build various types of web projects, that include both front and back–end development. I am comfortable using different frameworks to build projects on like WordPress, OpenCart, various JavaScript, and jQuery scripts. The common project types that I work on are building websites for online businesses, e-commerce, custom feature coding, front-end templates, etc.
