Elena Kostadinova
Software Developer

👤 Profile

Friendly software developer with 5 years of experience and proven skills. Proficient in various platforms and languages. Able to effectively self-manage during independent projects, as well as collaborate as part of a productive team.

💼 Employment History

Full stack developer at Leistungswerk, Skopje
September 2018 — Present

- Working with the development team where each of us has different responsibilities. I was part of developing systems which processed, analyzed, and rendered data visually. Connected with back end developers, front end developers and CTO as needed. Plan, wrote, and debug part of the system and software with complete accuracy.

Junior Developer at Travel tech house, Strumica
May 2016 — September 2018

Working on tasks for traveling system that was already developed. I was included in some updates of the system. Developed part of the system with APIs for Google Maps, payment processors, and other services.

Managed, optimized, and updated PHP databases as necessary.

Intern for web developer at Evolution Call, Strumica
June 2015 — December 2015

Perform basic tasks and basic application testing.

🎓 Education

Internet and mobile technologies, Faculty of Computer Science and Engineering, Skopje
August 2007 — September 2014

🎓 Courses

-PHP with MySql - I level (SEMOS education)

-Web Application Development with Microsoft .NET Framework 4.5 (Microsoft IT Academy)
