TANJA IVKOVIK PRENDZOVA

DEVELOPER

PERSONAL PROFILE

Looking for an opportunity to build a long-term career as a Front End Developer, where I'll have the opportunity to learn and grow. Eager to enhance my educational and professional skills in a stable and dynamic workplace. "Learning by doing" - working on real problems with a team of awesome developers will allow me to learn and exhibit my skills. I am a well organized person, problem solver, with high attention to details.

PROJECTS

Marketing Map Brainster
- This project is a result of a 2 day hackathon event done by 8 front end developers.
- The idea is to connect the Marketers with Marketing Agencies.
- For this project is used React.js (Styled components, fullpage.js, React Router)
- Link >>

Tocin Logistics
- One of my first solo project for a logistics company in America
- Done with HTML, CSS and vanilla JavaScript
- Link >>

Trgosped Trans
- Another transportation company's web page still in progress
- Done with HTML, CSS and JavaScript but with a little bit more animation
- Link >>
