BAJRAM RAMADAN

CREATIVE DESIGNER & DEVELOPER

ABOUT ME

My name is Bajram, I'm Creative Designer & Developer from Macedonia. Outside of my full-time commitments, I love being outdoors, exploring nature. Nature gives me the power to create amazing user experiences which make customers and users satisfied when they're using products.

I've been a Creative Designer & Developer for the last 5 years, currently working full-time as a freelancer.

My expertise depends on website optimization, I deliver high quality and optimized code.
