Darko Nastevski

SOFTWARE QA ENGINEER

Profile

Enthusiastic and results-driven professional with over five years of experience in Quality Assurance. With a background in psychology, I've honed my communication and interpersonal skills, making every interaction meaningful and collaborative. Whether I'm working independently or as part of a team, I'm driven by a passion for excellence and a desire to see everyone succeed. I'm known for my ability to take the lead when needed, but I also thrive on bringing out the best in my colleagues, working together towards shared goals. My pragmatic approach ensures that tasks are prioritized effectively, leading to efficient and productive outcomes in every project.

Professional Skills:

- Passionate about aligning quality objectives with business goals;
- Over five years experience in Quality Assurance in a prominent company;
- I am proud to hold the esteemed ISTQB Certified Tester Foundation Level (CTFL) certification, demonstrating my dedication to excellence and proficiency in software testing principles;
- Thorough knowledge of the SDLC & STLC;
- Experience with Agile development practices (Scrum, Kanban);
- Strong skills in software testing, test plan & design;
- Test Automation Frameworks and Tools (Cypress, Selenium Webdriver, Robot Framework, Rest Assured, Percy, Postman);
- I have a basic understanding of Object-Oriented Programming Languages - Java, JavaScript, ReactJS, Objective C & Swift;
- Basic skills in TypeScript, ReactJS, HTML, CSS, JSON, XML, SQL;
