Education

2023
Software Tester, Quality Assurance

Brainster Next College

Skills

- **Manual Testing**
- **Test Planning**
- **Designing test cases**
- **Defect Reporting**
- **Test Automation**
- **Java**
- **Selenium Web Driver**
- **Test NG**
- **IntelliJ IDEA**
- **API Testing**
- **Postman**
- **Performance Testing**
- **JMeter**
- **SQL**
- **Agile Methodologies**
- **Critical Thinking**
- **Teamwork**
- **Problem Solving**
- **Attention to detail**

Jovana Zdravevska

Software Tester | Quality Assurance (QA)

Ambitious, self-motivated, flexible individual, prepared to acquire extensive new skills and continuously progress on both a personal and professional level. Passionate about technology and driven by a desire to uncover details that others might miss. I have experience in several projects involving manual testing, automated testing using Selenium, API testing with Postman, as well as proficiency in SQL and JMeter.

Project Experience

Interrapt

Manual Testing :
- Designing test cases
- Test execution
- Bug reporting

Automation Testing:
- Java
- Selenium
- TestNG

Petstore - Rest API Testing

- **Executed CRUD Operations**

Proficient in testing CRUD operations (GET, POST, PUT, DELETE) on RESTful APIs using Postman.

- **Created Dynamic Workflows:**

Developed efficient testing workflows utilizing parameters and variables in Postman, ensuring flexibility and reusability.

- **Implemented Assertions:**

Applied assertions in Postman to validate API responses, ensuring accuracy and conformity to expected outcomes.

- **Utilized JSON Path:**

Leveraged JSON Path expressions in Postman for targeted validation and extraction of data from API responses.

Bookworm

Manual Testing :
- Designing test cases
- Test execution
- Bug reporting
- Test Plan
- Exploratory Testing

Automation Testing:
- Java
- Selenium
- TestNG

Breathe.mk

Participated as a software tester in a 48-hour Hackathon focused on creating an application for Application Zfor reporting air pollution in Skopje. Collaborated closely with the team to ensure the application's functionality and reliability.

Manual Testing :
- Designing test cases
- Test execution
- Bug reporting

Street ARTist

Engaging in thorough manual testing for the Street ARTist website project. Contributing to the project's success by developing comprehensive test cases, executing them with precision, and documenting clear bug reports. Utilizing exploratory testing techniques to uncover hidden issues and ultimately enhancing the software quality. Delivering presentations to communicate our testing findings.

Manual Testing :
- Designing test cases
- Test execution
- Bug reporting

Internship Experience

Vantevo

Manual Testing :
- Identified software defects to improve product quality and user experience.
- Collaborated with development teams to ensure thorough testing coverage and timely issue resolution.
- Demonstrated strong attention to detail and problem-solving skills in identifying and documenting software defects.
- Contributed to the improvement of testing processes and methodologies to enhance efficiency and effectiveness.
- Producing user-friendly change logs for software updates.
- Creating automated test scripts for specific modules
