PROFILE

I am an ambitious Network Engineer in my 7th year of studies at Faculty of Computer Science and Engineering - Skopje, Macedonia. Interested in Security, Networks, Devops, IaC, Front-end, Back-end, Full Stack web Development, Software Engineering, Game Development, Virtual Reality. I have a great passion for self improvement and learning new things on a daily basis.

WORK EXPERIENCE

PXC — 2024 - MAY
Network Engineer

- As part of PXC Network Engineering my key role is delivering the highest level of service to PXC customers. I am part of a team of highly skilled engineers dealing with high value data customers that link into all parts of the business across PXC as well as external suppliers.

TalkTalk Wholesale Services — 2023 - 2024
Network Engineer

- As part of TTWS Network Engineering team my key role was delivering the highest level of service to TTWS customers. I was troubleshooting and monitoring L2 ethernet network faults.

Virtual1 — 2023
1st Line Network Engineer

- I've been part of 24/7 network engineering team which was responsible to handle all ethernet problems that our customers had.

ITS Softver Centar — 2022 - 2023
Quality Assurance Tester

- I've been working on a project called Tracker for 3 months at ITS Softver Centar. On that project i did manual and automation testing with 3 programs: Postman, Apache JMeter and Katalon.
