LANGUAGE

- English
- Germany (basic)

SKILLS

- HTML
- CSS (SCSS,Tailwind, Material-Ui)
- JavaScript (Jquery, React, Next.js, Node.js, Express.js , Astro, Alpine.js, TypeScript)
- DB (MySQL, Firebase, MongoDB, Postgresql)
- GraphQL
- CMS (Strapi, Medusa.js)

EXPERIENCE

Web Developer Sols
01/03/2023 - 01/03/2024

At Sols, I utilize Next.js and Tailwind CSS to craft dynamic components. For seamless data integration, I develop custom APIs, leveraging Strapi for content management. On the client, we optimize data fetching with SWR and implement GraphQL for efficient communication. Additionally, our e-shop is powered by Medusa.js, ensuring a robust and scalable solution.

Technology: Next.js(Node.js, GraphQL, TypeScript, SWR), CSS (Tailwind), Strapi(Node.js, MeiliSearch)

Front-end Developer Steets
01/03/2022 - 01/03/2023

At Steets, I specialize in building client components using HTML, SCSS, Tailwind, jQuery, Next.js, and Typescript. Storybook enhances our component development process. While our PHP-based CMS streamlines content management, my focus remains on creating dynamic and responsive user interfaces for optimal user experiences.

Technology: HTML , CSS (SCSS, Tailwind), Javascript(Jquery, Next.js, Typescript)

Assistant Trainer / Trainer Seavus / Qinshift
01/11/2022 - Present

I am teaching HTML, CSS, and JavaScript at the academy. Passionate about empowering students with essential web development skills.
