Goce Dojchinoski
Frontend/UX Developer

HERE'S MY STORY:

I'm a Frontend/UX Developer able to implement visual and interactive elements into websites and web applications.

I love to build user interfaces, ensure the technical feasibility of UI/UX designs and write reusable code for future uses. Optimizing web applications for maximum speed and scalability, good understanding of SEO principles and ensuring that application will adhere to them.

2019+

Online Coding Academy
2019+

WHAT ARE MY GOALS ?

My main goal is to become a Senior Frontend Developer and in the future, I aspire to learn Back-End technologies in addition so I can expand my skillset.

I'm eager to learn new technologies and gain the knowledge that will not just bring worth to myself, but also bring value to the company I work for.

I'm persistent, disciplined, team-worker and able to work under pressure.

A LITTLE ABOUT MYSELF

I love to listen to rap and techno music.

Exercising in the gym and running is my thing.

In my free time, I like to spend my free time reading psychological/thriller books, gaming and spend my time with people I love to vibe !
